Name:

1 Zerlege das Perlenstäbchen in zwei Zahlen.

Zum Beispiel:

$$\begin{array}{c} 3 \\ \dots\dots \end{array} + \begin{array}{c} 3 \\ \dots\dots \end{array} = \begin{array}{c} \text{6 purple beads} \end{array}$$

$$\begin{array}{c} 3 \\ \dots\dots \end{array} + \begin{array}{c} 1 \\ \dots\dots \end{array} = \begin{array}{c} \text{4 yellow beads} \end{array}$$

$$\begin{array}{c} 2 \\ \dots\dots \end{array} + \begin{array}{c} 5 \\ \dots\dots \end{array} = \begin{array}{c} \text{7 grey beads} \end{array}$$

$$\begin{array}{c} 5 \\ \dots\dots \end{array} + \begin{array}{c} 4 \\ \dots\dots \end{array} = \begin{array}{c} \text{9 dark blue beads} \end{array}$$

$$\begin{array}{c} 2 \\ \dots\dots \end{array} + \begin{array}{c} 3 \\ \dots\dots \end{array} = \begin{array}{c} \text{5 light blue beads} \end{array}$$

$$\begin{array}{c} 1 \\ \dots\dots \end{array} + \begin{array}{c} 2 \\ \dots\dots \end{array} = \begin{array}{c} \text{3 pink beads} \end{array}$$
